

AWMAKERS TO CLEAR DECK FOR SWIFTER ACTION

Wright Enforcement and State Reorganization Bills Next to Be Considered.

SACRAMENTO, March 28.—The Assembly today cleared the deck for the consideration of the Wright enforcement bill and the state reorganization bill. The Wright bill, which provides for the enforcement of the state constitution, was the first bill to be considered. It was passed by a vote of 40 to 10. The reorganization bill, which provides for the reorganization of the state government, was the second bill to be considered. It was passed by a vote of 35 to 15.

Woman Leads to Sidewalk Death Crypt

CHICAGO, March 28.—(United Press.)—Police today were searching for a slender well-dressed woman, who had a nightgown with a death in a sidewalk crypt. Walter Jones, factory night watchman, for the last few days had noticed a woman slip into an alley, across a vacant lot, and then go under a sidewalk which is elevated ten feet. Early this morning, he followed her.

He looked in the sidewalk crypt and saw a crumpled form. He thought it was that of the woman, and called the police.

Searchlights flashed and the body of a man was found. The man was well-dressed. His head rested on a bundle of underwear. The woman had disappeared. In his right hand he clutched tightly a rosary. Scars were on his head.

In his pocket was a scrap of paper with this written on it: "Mrs. Schultz, 1542 Carroll Place."

Mrs. Schultz was located. She said she had given the stranger bread and coffee a few days ago when he begged for food.

"He said he was searching for his two daughters," Mrs. Schultz said.

King Would Lower Motor Transport

SACRAMENTO, March 28.—It is not unlikely the Shearer bill, imposing a State license tax of 7 per cent of the gross receipts on passenger and freight motor carriers, will be amended so as to fix the tax at 5 per cent. To this extent the jinx interests have expressed in their fight with the electric and steam railroads.

Senator Lyman King of Redlands, who studied data gathered by the State Highway Commission having to do with motor traffic, said that he had come to the conclusion that the proposed 7 per cent tax rate is too high.

Mme. Tetrazzini Is Welcomed by Solons

SACRAMENTO, March 27.—Mme. Tetrazzini, the opera singer, was officially welcomed to the floor of the Senate today and given a seat on the president's rostrum.

Leutenant-Governor Young told how San Francisco had "discovered" the singer some years ago, and Mme. Tetrazzini made a suitable response. She was similarly welcomed in the Assembly.

TO PROBE RICE MARKET

SAN FRANCISCO, March 28.—Investigation of the rice market situation arising from charges made by rice growers against what is said to have been a manipulation of the stock market for the growers' disadvantage, is scheduled tonight by the grand jury here.

COMMITTEE WILL REPORT AGAINST BOND ELECTIONS

Thelen Criticism of Budget to Be Met by Figures on County Aid.

BY INTERNATIONAL NEWS SERVICE. LEAD BY WIRE TO TRIBUNE. SACRAMENTO, March 28.—The steering committee of the Senate, which has been in charge of the hearings on the state budget, for the next biennium will report against Max Thelen's plan for special bond elections to meet some of the increased expenditures when it makes its findings public tomorrow. In the committee are W. J. Carr, Lyman King, Herbert Slater, Egbert Gates and Herbert C. Jones.

The hearings have been in progress for two or three weeks and the report of the committee has been prepared after the members heard from both sides.

Thelen was engaged by the corporations to make good a claim that the state had been plunging into an era of extravagance. He spent a week going over the figures in the budget and then set about making recommendations for reductions.

The Senate committee has met this criticism of Thelen in its own way. Its report will show that of the \$80,000,000 asked in the budget \$30,000,000 is returnable to the various counties of the state for schools, orphan aid, tuberculosis subsidies and other institutions requiring state aid.

The tentative report of the committee will carry the following recommendations:

1. That the committee is opposed to holding special elections for bonds to carry on state work. (This was Thelen's chief recommendation.)
2. That it is against voting bonds to meet the normal building program of the state. It takes the position that bonds should be voted only in cases of emergency, extraordinary capital expenditures are necessitated.
3. That in no cases of the budget be granted where the budget board refused to grant them; and that none of them should be increased.
4. No increase in salaries except in the case of the normal school teachers. Their pay is to be brought up to the level of the common school teachers.
5. An additional 5 per cent cut in the amount fixed for the purchase of supplies to the 8 per cent made by the board of control, effecting a probable saving of \$350,000.

Dr. Anderson X-Ray \$1.00 Dependable Dentistry, 1225 B'way.

San Francisco News

San Francisco, March 28.—

G. Amador and Co. of New York and San Francisco exporters and importers, who recently brought suit against the Pacific Rice Growers' Association and a number of bales and milling companies, were today granted a dismissal without prejudice of the action on representations made by Attorney Norman A. Eitzen that the defendants had stopped the objectionable practices complained of. It was charged that the rice growers, banks and milling concerns had formed a combine to keep up prices and discriminate against the small growers as well as to control the market.

A number of soft drink emporiums in Oakland were raided by prohibition officers during the week-end and today informations were filed against them in the federal court. Those accused are:

Michael Cordano, 709 Adeline street; Jack Crowe, 333 Campbell street; John Souza, Feralita and Lewis streets; G. Radal, P. Sersen, Peter Selak, Fifth and Lewis streets; Mike Kuley and Albert J. Kice, 43 Tenth street; Orville White, 15-18 San Pablo avenue; William Nelson, 1732 Seventh street; George Ickler, 630 Seventh street; Pelade Gullith, 1601 Seventh street; A. J. Mills, 1055 105th avenue.

Joe May of Albany pleaded guilty before Federal Judge William C. Van Fleet on charges of violating the prohibition laws today and was fined \$300, with the alternative of 60 days in the county jail. He paid the fine.

Sun Lee, a Chinese of Crockett, is accused of violating the prohibition laws in an information filed in the United States District Court today.

Two jail sentences for violating the prohibition laws were imposed today by United States Judge Van Fleet. Constantine Borg and Joseph Galea of 35 Hamilton street were the defendants. They pleaded guilty after having been taken into custody for having a still, a gallon of brandy and seven barrels of mash on the premises. Borg was given three months and Galea one month in the county jail, neither being able to raise fines of \$300 and \$100 respectively.

TO TRY HAITIAN FLIGHT WASHINGTON, March 28.—American aviators for the first time tomorrow will attempt to fly from the mainland to Haiti, Santo Domingo, Porto Rico, and the Virgin Islands.

COUNCIL PLEDGES \$2.44 TAX RATE FOR TWO YEARS

Readjustment Program Proposed by Real Estate Board Adopted.

(Continued from Page 1)

It is also asserted that "Oakland can never hope to profit by the buying power of its contiguous territory without proper traction facilities."

The proper solution of the traction problem is too large a question for the Real Estate Board to form definite opinions upon during the time allowed for study. All the money feels justified in asking the City Council to recognize that the proper solution of the traction problem is one of the most extreme importance to the growth of the city.

Street Opening: In this matter the Real Estate Board brings forward a definite program, compelling the council to make a decision so far as suggesting that "every year a certain amount of money should go into street openings until this ceases to be a problem."

For the coming year the Board suggests the following: That Jefferson street be opened from Seventeenth street to San Pablo avenue.

That Fifteenth street be opened from Franklin to Harrison.

The Scientific Re-assessment of the City of Oakland: The Board holds that the assessment of the city is "patchwork," the result of a helter-skelter growth dating back many years. "All the assessors can do in any year with the men and money at his disposal is to scratch at the surface," says the report.

The Board points that the theory of the assessment of real property is that the value on each piece of property be exactly in proportion to the next. In practice this never works out, says the Board, because reality values are continually changing and no assessor has the men or money to study the situation correctly in one tax year.

It is suggested that Oakland follow the example of other cities and employ outside assessors to put every property owner on an equal tax basis.

TENTATIVE ESTIMATE OF COST IS \$100,000. By a tentative estimate, the cost is believed to be \$100,000 and the council could also participate, and should in order to gain an even assessment, the cost to the city would not be over \$50,000.

Finally, it is argued that all these improvements can be done without increasing the tax rate, and it is urged that the tax rate be not increased under any circumstances.

It is urged further that if the projects are adhered to they will create new taxable wealth, so that the tax rate can justly be reduced a small amount each year.

When the Real Estate Board's program was read Edwards, Soderberg and Morse expressed approval. "Nobody has gone so far in trying to help this Real Estate Board," said Edwards. "I move we give them a vote of thanks."

TAX RATE ADOPTED AFTER THANKS VOTE. After a vote of thanks and some argument the Council adopted the resolution for a \$2.44 tax rate for the next two years.

"If you want to be sincere, why not make the tax rate \$2.25?" asked Edwards.

"If it is not greater than \$2.44, we can make it \$2 if possible," said Edwards.

The council then passed to political questions. Morse and myself are not returned," said Soderberg. "We will not be able to make good on this."

"I would like to go on record right now that if I am in a majority faction in the city council the tax rate will be \$2 if I can," said Edwards.

JUSTICE FOR TAXPAYER. "I move," said Edwards, "that this council goes on record in favor of

Turlock Man Dead From Bullet Fired by Woman

MODESTO, Cal., March 28.—(United Press.)—The second death in the Turlock love tragedy occurred yesterday afternoon when Albert Armas died at Emmanuel hospital in Turlock. His death followed by twelve hours that of Dr. Jennette Anderson, who fired the bullet that finally killed him and then ended her own life by taking poison.

Peculiar circumstances surrounding the double killing were disclosed today when it became known that neighbors heard Dr. Anderson practicing with her revolver at Good Friday. Dr. Anderson, they said, fired repeatedly at the barn in the rear of her little home, evidently trying out her aim in preparation for the deed of the next day.

On the same day she wrote two of the three letters that were found on her body. In one of these letters she wrote: "I think I would rest better spiritually if I knew he, too, was sleeping in the cemetery with me—if a .32 bullet will penetrate his massive thorax and take lodgment in a vital organ. The thought gives me pleasure that I do not have to be separated from him."

This letter was dated "Good Friday." In another letter the woman disclosed that Armas had tried to leave Turlock.

Dr. Anderson's life at Turlock has been one of strife with the medical profession. A trace of her feeling toward surgeons is seen in one of the two letters written on Good Friday. She says: "I want my son to examine my body immediately prior to interment to see that it is not cut in any way and that there is no injury to it except what I have made. I will pronounce myself dead as I do not want a surgeon's hands on me."

Dr. Anderson was a graduate chiropractor. In the living room of her cottage hangs her license as a "druggist practitioner," issued by the state board. It shows that on November 10, 1915, she graduated from the California Chiropractic College of Los Angeles.

Surviving Dr. Anderson is a son, Worth Bagley, by her first marriage. He is said to be connected with the moving picture business in Los Angeles.

Eastern States in Grip of Cold Wave

CHICAGO, March 28.—A cold wave which developed in Alaska swept over the mid-western, southern and central western States today from the Great Lakes region west to the Rocky mountains and south to northern Texas, weather bureau officials reported.

Freezing temperature was reported from northern Texas, where a temperature of 18 degrees was recorded. In central Texas, the temperature hovered around freezing. Throughout Illinois, Wisconsin and Minnesota, the thermometer registered freezing temperature.

Sub-zero weather was reported from Duluth. In Minnesota, the temperature was four above zero. Freezing weather within the next 24 hours was predicted for Kansas and Missouri. The cold wave will be of short duration, lasting throughout the day and night with gradually rising temperature tomorrow.

SPRINGFIELD, Ill., March 28.—Winter's drying gust cost Illinois farmers and orchardists hundreds of thousands of dollars, according to estimates of the bureau of crop estimates of the department of agriculture today.

What's Happening in the Motor World

by Jim Houlihan

A total of 9,211,259 motor cars, including commercial vehicles, were registered last year in the 48 states and District of Columbia, according to figures compiled by the Bureau of Public Roads of the United States Department of Agriculture. In a study of revenue available for road-building purposes, there were also registered a total of 238,146 motorcycles. The registration and license fees, including those for chauffeurs, operators and dealers, amounted to \$102,034,108.26.

As compared with 1919, the data for 1920 represent an increase of 22 per cent, or 1,645,848 motor cars. This increase alone lacks but 4 per cent of being equal to the total registrations of the United States six years ago.

BY REGISTRATION. In 1920 in the State of New York alone the number of motor cars registered, including commercial vehicles, exceeded the total cars registered in the whole of the United States in 1910. Furthermore, the revenues derived from registration in the State of New York in 1920 were about equal to the entire registration revenues of the United States for 1913.

This use made of the revenues has changed with the passing of years. In 1906 the total registrations were approximately 48,000 cars, paying a gross revenue of about \$193,000. (Arizona in 1920 paid approximately this amount.) In 1906 the gross registration revenues were equal to less than three-tenths of 1 per cent of the total rural road and bridge expenditures for that year.

ROAD EXPENDITURES. The registration revenues in 1920 were equal to about 25 per cent of the total rural road and bridge expenditures for the calendar year 1919. In 1906, practically none of the motor vehicle revenues was applied to road maintenance or construction, while in 1920, 96 per cent, or a total of \$97,997,860.60, was used for this purpose.

The remaining 4 per cent not applied to road work was expended very largely for number plates and in carrying out the provisions of the motor vehicle registration laws in the several states. Of the total amount applied to road work 73 per cent, or \$77,531,582.57, was expended under the control or supervision of the several state highway departments.

NEW AUTOS TO BE EXHIBITED. A traveling automobile salon de luxe is the newest offering of Don Lee. Thursday morning Earl Merguile and Ted Holmes left San Francisco with five custom built Cadillac. The first stop was at San Jose where the cars were exhibited in the showroom of the Thos. F. Kilmarlin Company. The following day they were taken to Watsonville and Salinas, and an added attraction for Easter Sunday at Del Monte these beautiful models will be exhibited on the lawn in front of the hotel.

Returning to Oakland, the cars will be exhibited here for two days and then will start a string of shows which will include San Rafael, Petaluma, Santa Rosa, Healdsburg, Ukiah, Vallejo, Suisun, Yacaville, Davis, Woodland, Colusa, Willows, Chico, Marysville, Sacramento, Stockton, Modesto, Merced, Fresno, Visalia, Porterville and Hanford.

The exhibit will consist of a speedster, club coupe, club roadster, sport model and seven-passenger suburban.

SURCHARGE TO BE PROTESTED BY MANY CITIES

Municipal Attorneys Will Appear Before R. R. Commission Tuesday.

SAN FRANCISCO, March 28.—Vigorous protests from city attorneys representing the cities and municipalities of Northern California are expected before the State Railroad Commission tomorrow, when the petition of the Pacific Gas and Electric company to add a surcharge of about 25 per cent to each gas and light bill after April 1 comes up. The protest will come as the result of expert investigation compiled at a cost of thousands of dollars. All cities of Northern California appropriated money with which to retain N. Randall Ellis, electric and gas engineer, to gather data with which to oppose the petition of the company. This is the first time in the history of the State that cities affected have pooled their interests to oppose any increase in rates applied for by a public service corporation. The hearing will involve a greater amount of data and testimony than any like hearing ever held in the United States. It is said by leaders of the fight to oppose the application. Assistant City Attorney Leon Gray of Oakland will appear as chief counsel for the Northern California cities. The case is expected to last several days.

I've got most of the marbles in our block, and I wish I had all the

THE ICE CREAM FIGHT—No. 4

Buying the Public FOR 10 Cents a Gallon

The Ice Cream Trust is desperate. It is offering dealers ice cream for "10 cents a gallon less than any price which the Miller Creamery Company will quote."

This is in line with the announced policy that the Miller Creamery Company is to be forced out of business "no matter how much money it costs."

Everybody knows that no article can be manufactured and sold for less than the cost of high-grade materials without quality being sacrificed.

In the bay region the public is today getting a higher grade of ice cream at a lower price than anywhere else in California because The Miller Creamery Company has offered real competition to the trust.

Now the trust is willing to spend any amount of money to kill this competition. It is offering to buy business for 10 cents a gallon.

If the trust wins the public is going to pay for that 10 cents a gallon and every other penny spent to put Miller's out of business and a handsome profit besides—if the trust wins.

The American public believes in fair play and fair prices. The Miller Creamery Company is deeply indebted to the loyalty of its dealers and the many offers of support from the general public received during the present fight.

All the support we ask is that the buyer insists on getting Miller's Quality Ice Cream if he or she likes it better than the ice cream now being manufactured at "10 cents a gallon less."

Miller's Quality Ice Cream is sold strictly on its merits. Our competition to the Ice Cream Trust has been built up on quality and the lowest possible price to the consumer and still maintain the standard of quality.

Miller Creamery Company

Manufacturers of Miller's Quality Ice Cream.

If you believe in fair play insist on Miller's Quality Ice Cream.

Russ Far Eastern Republic Orders Foreign Troops Out

TOKYO, March 28.—(By Associated Press)—Communications expressing a desire to open diplomatic relations with Japan, the United States and China have been sent to the capital of the Russian Far Eastern Republic, Vladivostok, by the Japanese government. The Japanese government has also issued a declaration to the world demanding that foreign interference in its affairs cease and that foreign troops evacuate Eastern Siberia, it being claimed that their presence there is in violation of international law.

The despatch declares that some delegates to the Constituent Assembly of the republic have denounced the action of the government in ceding a part of Kamchatka to the Soviet government of Moscow, asserting that this action will result in placing the region in the hands of American capitalists and in inducing Japan to take aggressive measures at the mouth of the Amur.

CHITA GOVERNMENT GIVEN ULTIMATUM

TOKYO, March 28.—(United Press)—The Japanese government has sent an ultimatum to the Chita government in Siberia notifying the government that unless it will negotiate with Japan, Japan will take free action in Siberia to protect Japanese fishing interests.

The ultimatum followed refusal of the Chita government to agree to large extensions to Japanese fishing and rice interests along the Siberian coast.

By HARRY L. ROGERS, International News Service Staff Correspondent.

Washington, March 28.—Acknowledgment of American claims totaling more than \$250,000,000 is likely to be insisted upon by the United States as one of the conditions to be complied with before there can be any trade again with Soviet Russia, it was learned today. Of this amount \$187,729,750 was advanced by the United States government to Kerensky as head of the provisional Russian government, while the remainder represents Russian loans floated in this country by private banking corporations, and unpaid interest. By far the greater part of the private loans were handled by J. P. Morgan & Co., issues underwritten by that concern totaling \$100,000,000. The National City bank of New York handled approximately \$22,000,000. State department officials point out that in the trade agreement made recently with Great Britain by Kerensky, the Soviet representative, acknowledgment is made, in principle at least, of all British claims for services or goods supplied the Russian government. It is regarded that equal concessions should be demanded by the United States.

TWO WILL SPEAK ON CONSOLIDATION

Two speakers will present both sides of the question of whether or not the Board of Freeholders should submit the alternative proposal of consolidation of the county government to the voters at the regular election, at the regular meeting of the Board of Freeholders, to be held tomorrow noon in the Hotel Oakland.

NG KA PY IS HELD CHINESE RUM BY U. S.

SAN FRANCISCO, March 28.—Ng Ka Py, Chinese medicine, which Assistant United States Attorney Wilford H. Tuttle today characterized as nothing more than an original name for whiskey, and \$60,000 worth of which has been seized by Uncle Sam, will probably be destroyed as the result of an order this morning by U. S. Judge William C. Van Fleet.

Oakland Political Notes

Senator A. P. Anderson, candidate for commissioner No. 2, addressed meetings Saturday night in Souza's hall on Forty-second street, presided over by Miss Helen Marquie, Women's Relief Corps, in Memorial hall, and in Nineteenth avenue hall on East Fourth street.

Herman Katz, Socialist, is a candidate for the office of school director No. 2. His name was announced today by City Clerk Lon Cummings. For several days the Katz nomination petitions have been the center of a searching probe by the city clerk, who found that though Katz had more than the requisite number of signatures, many signatures are not registered and others have moved. For several days it was doubted whether Katz would qualify or not. To make sure City Clerk Cummings and his assistants delved into every signature on the whole Katz petition. Katz qualified by just two genuine signatures over the required amount, announces the city clerk.

LOHMAN SUIT TO GAIN CUSTODY OF CHILD IS OPENED

**Courtroom Is Crowded With
Society Women As Wife
Answers Clubman.**

SAN JOSE, March 28. — With the courtroom crowded with fashionably-gowned society women from San Francisco, Stockton and Los Altos, the case of Ralph W. Lohman, wealthy clubman of San Francisco, and Los Altos, against his former wife, Grace H. Lohman, daughter of Henry Holt, founder of the Holt

Lohman seeks the custody of his nine-year-old son, John Ralph Lohman, the custody of whom, and that of his sister Alice, now dead, was awarded to Mrs. Lohman at the time she secured a divorce from her husband through a cross complaint submitted in the proceedings started

WIFE ANSWERS CHARGES

He now charges that Mrs. Lohman is not a proper and fit person to have the custody of their child.

Nearly the entire day was taken up hearing Mrs. Lohman's answer to her husband's charges. In seeking to retain the custody of the child

Mrs. Lohman charged that her former husband had never contributed toward the care of the two children. She further alleged that her husband, during their married life, had never contributed anything toward the expense and upkeep of the home, that she had paid the bills out of her own money.

In her answer the former wife says that on the night their daughter was born, her husband ordered

ance was born, a nurse was ordered to come from Oakland to their home in Berkeley. The cars were not running, she says, and her husband refused to pay for a taxi, requiring

MEDICAL DISPUTE
In the original divorce complaint, Lohmann charged his wife with refusing to secure medical aid for their little daughter who died, charging that her actions resulted from her selfishness. In answer to this charge the wife says that she did not secure medical aid as she did not realize how serious was the case of her daughter. She says, however, that she did invite in several practitioners.

properly dressed for the cold.

Bills Aim At Relief

of Housing Shortage

WASHINGTON, March 28.—The legislative proposals designed to relieve the housing shortage are set forth in the final report of the Senate committee on reconstruction made public today. The chief novelty is that of providing new capital for home construction. The committee found, and several of the bills suggested, it added, would relieve housing investments and income derived therefrom of federal taxation, in whole or in part.

The reports repeats the declaration

tion that there exists a shortage of one million homes, and that \$15,000,000,000 in investments for dwellings, street and steam railways and public utilities will be the least necessary.

be admitted was the one most commonly required for construction and financing. If the vacancy in national respects is to be filled.

Two Alleged Bandits Arrested in Fresno

FRESNO, March 28.—Eddie Plunch and John Canton were arrested here last night for the Stockton police, by whom they are wanted for the holdup and robbery of

Stockholm taxi driver Friday night at Stockholm. The pair were heavily armed, but the police averted a shooting scrape by a ruse. The meeting was also gilded by the police to have added

mitted holding up two restaurants in Sacramento recently.

**Mrs. McCumber Avoided a Serious
Operation by Taking Lydia E.
Pinkham's Vegetable Compound**

Georgetown, Ill.—“After my first baby was born I suffered so with my left side that I

could not walk across the floor unless I was all humped over, holding my side.

I doctored with several doctors but found no relief and they said

I would have to have an operation. My mother insisted on my taking

ing Lydia E. Pinkham's Vegetable Compound and I soon found relief. Now I can do all my own work and it is the Vegetable Compound that has

the Vegetable Compound that has saved me from an operation. I cannot praise your medicine too highly and I tell all of my friends and neighbors what the Compound did for me."

Mrs. MARGARET McCUMBER, 27 S. Frazier St., Georgetown, Illinois.

Mrs. McCumber is one of the unnumbered thousands of housewives

who struggle to keep about their daily tasks, while suffering from ailments peculiar to women with backache, sideaches, headaches, bearing-down

pains and nervousness,—and every woman should profit by her experience and give Lydia E. Pinkham's Vegetable Compound a trial.

Many School Children are Sickly

Mothers who value their own comfort and the welfare of their children, should never be without a box of Mother Gray's Sweet Powders for Children, for use throughout the season. They Break up Colds, Relieve Feverishness, Constipation,

Lon, Teething Disorders, Headache and Stomach
Troubles. Used by mothers for over 30 years.
THESE POWDERS GIVE SATISFACTION.
All Drug Stores. Don't accept any substitute.

CARDINAL'S BODY LIES IN STATE IN CATHEDRAL

Public Views Remains; Funeral Services Will Be Held Thursday.

BALTIMORE, March 28.—The body of Cardinal Gibbons was borne this morning from the bed chamber in which he died last Thursday to the cathedral where it will lie in state until Thursday, the day of the funeral.

The ceremony of removal was simple. Headed by an acolyte bearing a cross, the members of the cathedral staff of priests carried the body through the covered passageway connecting the cathedral with the church. Behind marched eight chanting semaphorians.

Arranged in the mass vestments of an archbishop, the body rests on a candelabra erected at the head of the center aisle immediately in front of the chancel. The cathedral within and without is draped in purple and black.

Day and night until the hour of the funeral, groups of twelve men, selected from the different Catholic laymen's societies, will stand beside the bier and each day from morning until late at night a guard of prayer from the daughters of Isabella will kneel in the pews offering prayers for the repose of the soul of the honored prelate.

The six rows had to be removed to make space for the bier and for the procession which will be passing it continuously from 11 a. m. to 11 p. m. today, tomorrow and Wednesday, during which the public will be admitted to view the body.

The first ceremony of the funeral was a requiem high mass, celebrated by the Rev. Louis E. Stieck, rector of the cathedral, assisted by priests of the late cardinal's household.

Mills College to Put On French Comedy

According to a well established custom, the students of the French department of Mills College give each year a play in French. "L'Etincelle," by Edouard Pailillon, will be presented in Lissier Hall on the evening of April 1.

The action of this three-character comedy takes place between 1850 and 1860 and the costumes are of that period. The legend states that a small German, will be taken by Miss Ruth Mesmond of Winters, Cal.

The play is being coached by Miss. Eillard and Miss. Chausser, members of the French department, in which Miss. Celloe Rees is chairman.

FLIERS PROTEST DUMPINGS

SAN FRANCISCO, March 28.—Flying against any further dumping at the Marina, fliers of earth from excavations for the city's new aquatic park, commercial and private aviators appeared before the board of supervisors today and declared that the flying field is doomed to destruction. The aviators declared that if action is not taken immediately San Francisco's flying field will be so choked with planes that it will be impossible to land. Five days' dumping at one end of the field has formed an embankment three feet high and with fifty feet of one of the hangars.

Oak piles constructed for Roman bridges nearly 2000 years ago have been found intact.

Almost Choked Last Night

With gas around my heart. Couldn't breathe," many people say.

No such choking or anxiety if you take Dr. Pierce's Gas Tablets, which are prepared especially and especially for stomach gas, and particularly for the relief of the gas which is the most common cause of the most common ailment of the human race.

These unique tablets are sold by all reliable druggists and The Owl Drug Co. We care and insist on the genuine Bassmann's Gas Tablets in a yellow package, price 3c. J. H. Bassmann, Chemist, San Francisco. Advertisement.

In Ye Olden Time

hoop skirts were worn by those who first asked the druggist for, and insisted on having the genuine Favorite Prescription put up by Dr. Pierce over fifty years ago. Dress has changed very much since then! But Dr. Pierce's medicines contain the same dependable ingredients. They are standard today just as they were fifty years ago and never contained alcohol.

Beauty depends upon health.

Worry, sleepless nights, headaches, pains, disorders, irregularities and weakness of a distinctly feminine character in a short time bring the dull eye, the "crow's feet," the haggard look, drooping shoulders, and the faltering step.

To retain the appearance of youth you must retain health. Instead of lotions, powders and paints, ask your druggist for Dr. Pierce's Favorite Prescription.

This famous medicine strikes at the very root of these enemies of your youthful appearance. It makes you not only look younger but feel younger. It overcomes the weakness and builds you up.

Your druggist can supply you with liquid or tablets; or send ten cents in stamps to Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a trial package of the tablets will be mailed to you.

WHITE WOMEN

Chancel Chapter Plans Brilliant Affair

A notable social function of the post-Lenten season will be the tea planned by the chancel chapter of St. Paul's Episcopal Church for the afternoon of April 6. The handsome residence of Mrs. Ambrose Edwards on Harrison boulevard will furnish the setting for the affair and an attendance of several hundred guests is expected. Assisting Mrs. Edwards in welcoming those who call during the afternoon will be Mesdames Alexander Allen, Charles Peters, Grayson Auzie, S. A. Livingston, Frank M. Avery, N. A. Acker, Harry East Miller, A. C. Wazner, Charles Youngers, Clarence Howell, Richard Foster, Robert Hilliard, Collins, L. F. Helmond, Vernon Waldron, Newton Koser and W. C. Little.

Miss Flora Edwards, the attractive daughter of the hostess, with a group of her friends from among the younger set, will preside in the dining room. Assisting Miss Edwards will be Mesdames Laura Lindsay Miller, Virginia Smith, Elizabeth Albrecht, Dorothy Britton, Doron Grissim, Frances DuVal and Elizabeth Koser. Mrs. Charles Peters is president of the chancel chapter, whose membership is made up of many of the most prominent people in St. Paul's parish.

Mrs. Charles Stetson Wheeler has sent out cards for next Thursday afternoon, when she will preside at a tea. The Rev. Louis E. Stieck, rector of the cathedral, assisted by priests of the late cardinal's household.

WILL MARRY IN AUGUST

The wedding of Miss Eloise Lauffer and Wilson Cobbledick, whose engagement was announced recently, have decided upon August as the month for their wedding, the ceremony to take place in the First Congregational Church. The ceremony will take place during the second week in August and will be attended by a large number of guests. The bride-elect is a daughter of Mr. and Mrs. Frederick W. Lauffer of this city, and an accomplished musician. Her mother is also prominent in musical circles. Cobbledick is a son of the late L. N. Cobbledick and Mrs. Cobbledick of this city.

In the presence of about three hundred guests the wedding of Miss Helene Starke and Frank A. Morgan Jr. will take place this evening in St. Mark's Episcopal church. Bishop Edward Lamb Parsons will officiate at the ceremony, which will be followed by a reception and supper at the home of Mr. and Mrs. Eric Alexander Starke, parents of the bride, on Dwyer street. Mrs. Leslie King (Anne Starke) of Los Angeles, will be matron of honor for her sister and the maid of honor will be Miss Marian Small. The Misses Mary Rose and Jacqueline Snyder will attend as bridesmaids. Following their honeymoon trip Morgan and his bride will reside in Berkeley.

WILL HONOR BRIDE-ELECT

Cards have been received for a tea at which Miss Margaret MacIntyre will preside next Saturday afternoon when she will entertain in honor of Miss Margaret Smith, who is to become the bride of Roland Dykert next month. Miss MacIntyre will entertain at her home in Piedmont and has invited about half a hundred guests to meet the bride-elect. The engagement of Miss Smith and Dykert has just been announced and several social affairs are being planned in honor of the former by college friends. Miss Smith is a graduate of the University of California and president of the Sigma Kappa alumnae in the Pastaba region.

Next Wednesday afternoon Mrs. Robert Broderick will be the guest of honor at a bridge for which

MISS ELOISE LAUFFER, whose wedding to Wilson Cobbledick will take place in August.

David Fero

Mrs. Robert Hilliard Collins has issued invitations. Mrs. Collins will entertain at her new residence in the Crocker Highlands and has invited her nearest friends from among the

Y.W.C.A. Notes

"The Young Employed Girl" will be considered by the class for girls' work leaders on Thursday, Miss Lucy Pray of San Francisco, leader.

"The Far-Away Princess" (Sudermann), "Riders to the Sea" (Synge) and "The Obsolete Family" are the three plays which the Community players will present Friday night, April 22, in the auditorium. Richard Onion is director. The occasion will mark the debut of the Community players. The cast follows:

"The Far-Away Princess"—Mary Centini, Iona Macdonell, Lucille Hayman, Bernice Hamilton, Ina Rockwell, Ina Young and Arthur Seaver.

"Riders to the Sea"—Oliver Macdonell, Keturah Alvord, Mrs. J. Harvey Trimble Jr., Percy Fleming and J. Harvey Trimble Jr.

"The Obsolete Family"—Jessen Stangland; Miss Harriet, Iona Macdonell, Milan Fuller, Donald Parkhurst and Ralph Schaefer.

The "father, mother and daughter" banquet will take place on April 4. The committee in charge includes Misses Pearl Tablin, Blanche Eastman, Elmer Hagstrom, Jensen, Delp, Carolyn Ledwith, Guy Harris and Oliver Macdonell. A very interesting program is being planned. Reservations should be made through the Y. W. C. A. desk by Saturday noon, April 2nd.

The Easter Monday supper, sponsored by the religious education department, will take place this evening at 6:45. Students in victorious living classes will conclude the course. It is expected a permanent organization for Bible study will be formed. Mrs. Russell L. Snow is chairman of the department. Class leaders are: Mrs. L. F. Cockcroft, Miss Amy P. Gordon, Dr. Margaret Wythe, Miss Alice Brookman, Miss Margaret Brown, Miss Ethel Abbott, Miss Orey Stralton, Miss Marjorie Armstrong and Miss Anna Cole.

Miss Frances Donaldson, Miss Gretchen Smith and Miss Holcomb, "Y" secretaries who are brides elect, with Miss Elizabeth Elliott, office assistant, who is leaving for a trip to Honolulu, were guests of honor at a staff dinner on Wednesday night. Miss Smith will reside in Southern California. She leaves the association next week.

The annual tea de soir of the Hostess club will be held during the first week in May. The new officers elected at the last meeting are: Miss Cleo Ashford, president; Miss Rosalie Hager, vice-president; Miss Lorelda Medua, secretary; Miss Verne Douglas, treasurer. Chairmen of committees are as follows: Miss Irene Strachan, chairman of representation; religious council; Miss Gladys Dallager, special hostess committee; Miss Blanche Eastland, program committee; Miss Charlotte Baumgarten, social service committee; Miss Agnes Murray, membership committee; Miss Rosalie Hager, poster and publicity committee; Miss Margaret Murray, wreath committee. A budget was given the social service committee for its work for needy families.

An April Fool's day party is announced by the Japanese Girl Reserves for Friday, April 1.

Efforts are being made to raise 2500 dollars for the International Institute. The officers are: Miss Mary Morrell, president; Miss Silene Peachinski, vice-president; Miss Evangeline Norbriga, secretary.

SHIP TO BE LAUNCHED

TERROL, Spain, March 28.—The new trans-Atlantic liner Cristobal Colon of 13,700 tons, under construction here, is virtually ready for launching.

"IT WAS BLESSING TO ME," SHE STATES

"It certainly is wonderful how quickly the right medicine will get a person feeling right again," said Mrs. Lilla Lee, 828 59th St., Oakland.

"About two years ago I had an attack of grippe that left me in a badly run-down condition. I lost my appetite almost entirely and what little I did eat disagreed with me, causing gas, flatulence and nausea. I had dreadful headaches, was intensely nervous and scarcely ever got a good night's sleep. My kidneys bothered me a great deal. I had such severe pains in my back I couldn't stoop over without suffering agony, and the rheumatism in my limbs made me so stiff and sore I could barely walk. I could scarcely do my housework, and in spite of everything I did became worse instead of better.

"My friends induced me to try Tanolax and it certainly was a blessing to me. Why, I'm just like a different person, my appetite is splendid, I can eat anything and everything goes without effort. The best bit of advice I received was a thing of the past. I sleep like a child every night, wake up feeling refreshed and have strength to do my work with ease. I am now glad to recommend Tanolax to those who suffer as I did."

Tanolax is sold in San Francisco, Oakland and Berkeley by The Owl Drug Company Stores and Eberly's Quality Pharmacy, Alameda. Advertisement.

ORPHEUM

With four featured acts included, there is sufficient variety of interest to the new program at the Orpheum and Orpheum to suit all tastes.

"Tomb Raider," the offering of Arman Karg, strikes a new note in vaudeville entertainment. Music lovers will revel in the combined talents of the composer, the world-renowned violinist, and Jean Tell, soprano extraordinary.

"Moonlight," a playlet in which Martin Kelly is featured, was enthusiastically received. Charles Irwin, a comedian, scored an emphatic hit.

Alfred Farrell and Carley, with their tag pictures, and The Napties, presenting a mystifying display of pyrotechnics, are highly diverting. Keating and McElroy, presenting characterizations of Huckleberry Finn and Tom Sawyer, won many a laugh. The Hall Room Boys in a new comedy, entitled "The Dog Gone Mixup," are shown.

McARTHUR

"Carmen," with all of its colorful scenes, its thrilling dramatic moments, its romantic story, and its wild, haunting melodies, started on the second and last week of its engagement at the MacArthur theater, formerly the Liberty Playhouse, yesterday afternoon, with Alice Gentle in the title role.

The dramatic version of "Carmen" does not differ greatly from the operatic version, and Miss Gentle, in addition to playing the difficult role of "Carmen," sings the principal arias.

The company is now at work on "Canary Cottage," Oliver Moroson's celebrated musical success, in which Miss Gentle will make her debut as the romantic heroine, and Miss Gentle, in addition to playing the difficult role of "Carmen," sings the principal arias.

LOEW'S STATE

In "Girl of My Heart," playing last night, the star of the week, inclusive, Shirley Mason, the star, appears in the most delightful role she has undertaken since her "Elephant Man."

An out-of-the-ordinary musical comedy is presented by Hazel Black, Victoria and Dupre are exponents of rather unusual forms of dramatic version. Miss Elsie Harvey and George Stuffer present songs and dance well. Cones Hutton ably plays the "hot" comedy part, and the state orchestra present "Mile Modiste" from Victor Herbert, and "Wang Wang Blues" by Mueller.

John O'Brien appears as the star in "Broadway and Home," the feature picture at the State Wednesday to Saturday, inclusive.

COLUMBIA

"The Naked Truth," a gipsy-like revue, opened at the Columbia theater yesterday afternoon. Eddie Gilbert and Harry Hagan, comedians, and "Miles and Miles," comedians, present "Mile Modiste" from Victor Herbert, and "Wang Wang Blues" by Mueller.

John O'Brien appears as the star in "Broadway and Home," the feature picture at the State Wednesday to Saturday, inclusive.

BROADWAY

"The Scuttlers," a Bill Farnum feature, is at the Broadway theater today for the last time.

"The Scuttlers" takes its theme from its title. One of the big scenes is the scuttling of a vessel and its wreck.

"Field for a Night" furnishes the week's Kinema program. Matt Moore is one of the all-star cast which includes half a dozen well-known players.

The program includes a comedy, "Too Many Husbands," a Matt Joff feature, "Franklin Work" and the Burton Holmes Travelogue.

Be seen, portions, San Francisco, will sing the prologue from "Tanglefoot."

KINEMA

"The Pastoral Pilgrimage" heads the week's Kinema program. Matt Moore is one of the all-star cast which includes half a dozen well-known players.

The program includes a comedy, "Too Many Husbands," a Matt Joff feature, "Franklin Work" and the Burton Holmes Travelogue.

Be seen, portions, San Francisco, will sing the prologue from "Tanglefoot."

ARCADIA

A carnival of fun is scheduled for the midweek feature at the Arcadia Theater, Friday, April 1, Thursday evening. The affair will be a comic masque ball, in which the prizes will be offered, not for the usual display of beautiful and original costumes, but for the most comical outfits. To carry out the idea in full the management has provided hundreds of funny masks which will be given to the dancers. The second preliminary contest of the costume competition, which started last Sunday, will be held next Sunday afternoon. Great interest is being taken in this tournament, as evidenced by the large number of couples entered.

AMERICAN

William Faversham in "The Sift That Was His" is the attraction this week at the American. The story, written by the author of "The Miracle Man," is staged on a lavish scale by a cast of special note.

"The Great Lover," film adaptation of Leo Dirichstein's celebrated Broadway play, is the other attraction of a special double bill.

John Wharry Lewis and his orchestra and "Topics of the Day" round out the big double bill.

CHIMES

"To Please One Woman," a Lola Weber production, will be screened at the Chimes theater today and tomorrow. It is a story of real human folk and the unhappiness caused them by the pretty, rich stranger who came into their midst, until finally she met defeat and faith and true love won the day. The picture is enacted by a notable cast, including Mona Lisa, Edith Kessler and Edward Ruff.

Lola Weber wrote and directed the picture.

PANTAGES

The new bill at Pantages is unusual. It runs the gamut from musical comedy to circus. Lily Leonard in the musical comedy number is one of the most beautiful women on the circuit.

Tom Kelly, the man from Tipperary, is an artist.

The Gaudinthis (elown acrobats) will be the star of the second week. The Sterling Saxophone Four made a hit. Torrell's comedy circus scores.

NEW FRANKLIN

Crowds continue to visit the New Franklin at the start of the second week of "Outside the Law." Trisilla Dean is the star. Lon Chaney and Wheeler Oakman are in the cast.

Added attractions also held over during the run of the feature picture, are Hans Hanke and Buster Keaton in "Neighbors." Hanke has a new piano program this week, including a paraphrase of some of the favorite airs of "Risoleto." Most of the scenes of "Outside the Law" were photographed in San Francisco.

T. & D.

Two stars of the screen appearing in productions of equal magnitude head the program at the T. & D. theater.

Katherine Macdonald appears in "My Lady Luteboy." Robert Bosworth follows in "A Thousand to One."

Gerald Griffin is here for a week's engagement. The Irish tenor is always welcomed in Oakland.

Johnny Hines in "Trochy's Millions" and Fred J. Forman's "Concoria" conclude the T. & D. program.

IDORA

Ideal weather brought thousands to Idora on opening day and yesterday.

Dodgem and the Magic Carpet, two new fun devices, proved big attractions.

Yesterday's big event was the annual Idora amusement parade. Payson's band furnished the music. Swimming, dancing and skating held devotees, while the Captive Airplanes, Noah's Ark, Scenic Railway, Whip, Race, Thrill, Thrill, Thrill.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all these inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep their skin fit, soft and clear.—Advertisement.

Alkali In Soap

Bad For the Hair

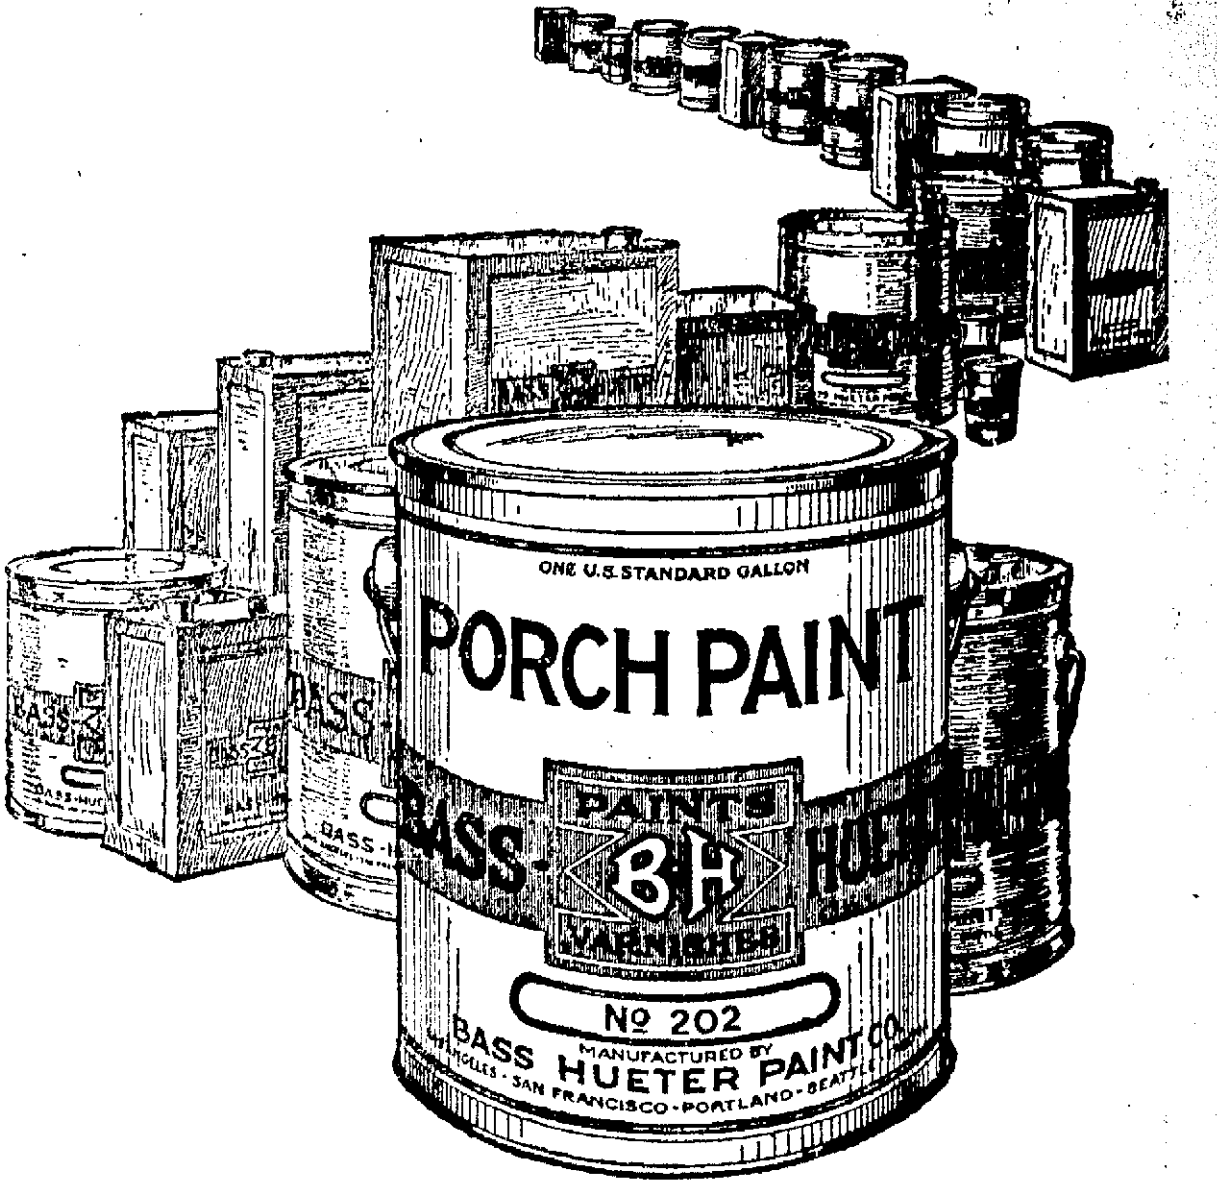

Soap should be used very carefully. If you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is Mulisilf coconut oil shampoo (which is pure and grassless), and is better than anything else you can use.

One or two teaspoonful of Mulisilf will cleanse the hair and scalp thoroughly. Simply massage the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff, and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You've got Mulisilf coconut oil shampoo at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Mulisilf.—Advertisement.

Scratching increases itching—Resinol stops it

Every time you scratch that spot of eczema you only increase the inflammation and add to the burning discomfort. Resinol Ointment applied lightly stops the itching, allays the inflammation and brings comfort. Prescribed by doctors for many years. Ask your druggist for it and see how it hastens the healing.

If you saw it in The TRIBUNE tell them so.

PORCH PAINT

ONE U.S. STANDARD GALLON

MANUFACTURED BY

BASS HUETER PAINT CO.

SALES OFFICES: SAN FRANCISCO, PORTLAND, SEATTLE

For Service and Economy

To supply a more serviceable and economical product for every special need, the Bass-Hueter Paint Company manufactures every variety of paint and varnish.

They cost less too—quality considered.

In addition there is one of 500 exclusive Bass-Hueter dealers near you equipped to supply your needs and to help solve your painting problems.

Dealers

If there is not a Bass-Hueter dealer in your town, write us regarding our exceptions, offer to new dealers.

Many choice territories still open for exclusive representation.

FINDING PLACE FOR TED CATHER IS PROBLEM OF HOWARD

A. A. U. OFFICIALS SEE NO REASON WHY PADDOCK'S RECORD SHOULD NOT BE RECOGNIZED

CATHER STARS AT BAT WHEN LOCAL CLUB MAKES HOME DEBUT

Johnny Gillespie Hurl's Fine Brand of Ball to Beat Oaks in the Morning Contest.

By EDDIE MURPHY.

Del Howard and Honus Mitze put their 1921 pennant hopes on display before the home fans for the first time yesterday when they had them out for a double program with The TRIBUNE All-Stars. The TRIBUNE Stars, with the aid of some good stick-work by Ted Cather and little Pete Read, who were loaned for the occasion, won the morning contest by an 8-to-7 score. With a complete line-up of Midwinter Leaguers in the afternoon, The TRIBUNE Stars tasted a 4-to-1 defeat. After all was over, Howard and Mitze were satisfied that their athletes made a hit with the home fans, but today Howard is considering making a switch in his line-up for the opening game. Ted Cather connected for seven hits in as many times at bat in the two games, and no manager in the country would leave a man with such a hitting power out of his line-up. Ted also played such a bear of a bag around first base for the Stars in the morning that Del is seriously thinking of switching Jack Knight to some other position and trying Ted out there for the regular job.

Several clubs in the league have been bragging of their reserve strength, but from what Howard's two utility men showed yesterday, no club in the league has anything on Oakland for reserve strength. Barney Kearns, the Oaks' utility infielder, filled in at short for the Stars and although he was charged with three errors, he played a flashy brand of ball. Barney had fourteen chances at short in the morning, and also played a perfect game at second base for the Oaks in the afternoon.

Gather, Kearns Look Too Good for the Bench.

Howard, Cal Ewing, Frank Woodward, Max Horvinski and Carl (Honus) Mitze, who kept a close watch on the Oakland players, agreed after both games were over, that the club looks the best bet in many years. Howard and Ewing were in the office last evening trying to figure what can be done to keep Kearns and Cather in the lineup regularly, as their figure both men too valuable to rest on the bench. Maybe, after all, a couple of the infield jobs are still open and it is up to all the candidates to hustle from now until the start of the season and then right through to the finish. Kearns filled in at second base in the afternoon because Al White was handicapped with a bad cold, and the morning Howard Cather and Mitze were in the field and at bat more they are convinced that he belongs somewhere in the infield regularly. Kearns has connected for one or more hits in every game since the start of the practice season.

Heavy Hitting Is Done In the Morning Game.

The morning contest was featured by a lot of heavy hitting, the most of which came from the Oakland side. The Oakland players, who were loaned for the occasion, were a team of heavy hitters, and they showed it in the morning game. The Oakland players, who were loaned for the occasion, were a team of heavy hitters, and they showed it in the morning game. The Oakland players, who were loaned for the occasion, were a team of heavy hitters, and they showed it in the morning game.

Dorothy Becker Is Winner At Neptune

The hundred-yard swimming race at Neptune Beach yesterday proved a close contest. Dorothy Becker, the young Olympic club swimmer, won the race in the time of 1:10.4. She was followed by the other contestants in the following order: (1) Becker, 1:10.4; (2) Smith, 1:12.2; (3) Jones, 1:14.5; (4) Brown, 1:16.8; (5) White, 1:18.1; (6) Black, 1:20.3; (7) Green, 1:22.6; (8) Gray, 1:24.9; (9) Blue, 1:27.2; (10) Red, 1:29.5.

Jimmy Duffy Draws Year's Suspension

PORTLAND, Ore., March 23.—Jimmy (Shadown) Duffy of Oakland, Cal., has been barred from the Olympic club for one year by the Milwaukee boxing commission here, according to an announcement made today by Matchmaker Frank Kendall.

Alexander Hands the Tigers a Trimming

LOS ANGELES, March 23.—With Alexander on the mound, the Cubs defeated the Tigers yesterday, 4 to 1. The regular play Sacramento at Sacramento today.

Washington Manager Arrives in Oakland

H. C. Radcliffe, manager of the University of Washington, arriving today, arrived in Oakland today on the steamer President from Seattle to look for bachelors for his men, who will follow.

MARCH WEATHER IN CALIFORNIA

The month of March in eastern states means furs and overcoats and arguments with the coal dealers, but here in California the swimming and boating seasons are in full swing. The upper picture shows some local girls enjoying their canoe in the waters of San Francisco bay. Below are ADA HERSHEY (left) and MABEL GREEN, Alameda mermaids, preparing for the first 1921 dive into the briny.

Local mermaids have started training for a series of coast and national championships which will be staged at the various local resorts this year. It promises to be the greatest season in the history of swimming on the coast.

NEW SPIRIT PREVAILS IN THE CAMP OF THE OAKLAND BALL PLAYERS

Youngsters On Bench Will Drive Veterans to Full Speed to Retain Their Berths.

By BOB SHAND.

It is old stuff to predict at this time of the year that the Oaks will mutilate considerable frozen water in Coast League society, but the club really does look good this season. There is hitting strength, fielding ability, speed and brains, some essentials that were lacking in former years. And in addition to these qualities a different spirit prevails. Hitherto Oakland teams were content to step out and do their best, but they never worried if their best was not good enough to win the ball game. They earned their salaries by going through the motions, but there was nothing in their contracts that called for them to shed copious tears and lose a bundle of sleep simply because they lost another ball game.

Timers Agree Sprinter Made Record Time

Paddock's Time to Be Accepted by A. A. U. Men

NEW YORK, March 23.—Officials of the A. A. U. expressed no doubt here today Charlie Paddock's new world record of 20.45 seconds for 220 yards would be placed on the books.

Official action cannot be taken until the reports of the officials at the Berkeley, Cal., meet, where the record was made Saturday, has been filed.

Three of the timers' watches caught Paddock's time at 45 seconds and one at 35 seconds. The former record of 21.15 seconds was held jointly by B. J. Peters, B. C. Craig and D. F. Lippencott.

By DOUG HONTELL.

Whether the name of Charles W. Paddock will go down officially on the record book of the A. A. U. or not, the fact remains that the performance of the University of Southern California sprinter in hanging up a new world record for the 220-yard dash is the most noteworthy event of the running track in this day and age. It is one thing to make a record but quite another matter to get the record, once made, accepted by the body of officials who have the final say in the matter. The record, however, is one thing; the fact that Paddock is a runner is another matter. He is a runner, and he is a fast one. He is a runner, and he is a fast one. He is a runner, and he is a fast one.

Another League Is Organized In San Jose

San Leandro Manager Not to Enter a Team in League.

San Jose, March 25.—A desire to maintain a friendly attitude toward the baseball clubs of Gilroy, Watsonville and Hollister was expressed today by the newly organized league in San Jose. The league, which was organized by the league, has been playing for some time and has a good record.

The action of Salinas in casting their lot with the California State League, which was organized by the league, has been playing for some time and has a good record. The California State League, which was organized by the league, has been playing for some time and has a good record.

Another development of the baseball situation yesterday was the application of J. J. Forman of San Jose for a franchise for a traveling club in the Mission League. In the event that it is granted San Jose will have a club in each league—the California State League and the Mission League.

Bill Wagner, of San Leandro is not certain he will put a team in the league. He expects to reach a decision today.

The Washington Americans regular squad, 25 strong, arrived at Dayton, Ohio, today to play their first exhibition game of the season with a local club of the Florida State League. The regular squad will join the second team at Jacksonville later in the week and will begin a barnstorming trip to Washington through Alabama, Tennessee and Virginia.

Carl Premeaux of Cleveland and James White of Albany, bantamweights, met in a ten-round bout at Detroit tonight.

TO SUBSCRIBERS:
Not failing to receive their paper by 6:30 p. m. daily, they will please report the same to the Office by telephone (Lakeland 6000) and a messenger will be dispatched at once with a copy of the paper.
MONDAY, MARCH 28, 1921.

sentiment is overwhelmingly opposed to the trade pact with the Bolsheviks.
Mr. A. W. Kiddy, financial editor of the *Morning Post* and editor of the *Bankers' Magazine*, sums up the feeling of the opposition aptly when he says: "It is difficult to refer to our agreement with soviet Russia without a burning sense of shame. Politically and socially alike the compact is dishonoring and futile. The hunger of traders and of the British government for Russian gold for British trade contrasts forcibly with Washington's determination not to touch it." This writer concludes with the statement that the agreement and the policy underlying it must inevitably react disadvantageously to British prestige and credit.
On the whole Mr. Lloyd George's Russian policy has caused the most pronounced division of public opinion of any act since he became prime minister. There are many signs, however, that the premier will, with his usual luck, get out of the unpleasantness by finding the trade pact ineffective and inoperative.

LEGAL COUNSEL SAFEST.
In connection with the agitation for the scheme of "consolidation" of the city and county governments of Alameda County, it is plainly the safest course to follow the opinions of the legal experts who have studied the State law in order to determine what is most likely to happen as a result of submitting propositions to a popular election. There is much of oblique reasoning and more of plainly dishonest statements on the part of the chief agitators for this move.
It is argued, for example, that if the submission of the alternative proposition should result in the establishment of a new and separate city and county of Oakland, this particular secession from the present county being decided by the vote of the whole county, of which the vote of Oakland is predominate, the disposition of the remainder of Alameda County could not follow except by the vote of the "whole county." By which it is intended to give the impression that the whole county, including the city and county of Oakland, would vote on the subsequent proposals of division.
This ignores the fact that the carrying of the alternative proposition in Oakland and its defeat in Berkeley and Alameda, followed by the creation of a city and county of Oakland, would itself mean division of the county. It makes the utterly foolish contention that after the city of Oakland had set up itself as a separate county it would still be privileged to determine the fate of the remaining sections of Alameda County from which it had separated.

Competent legal counsel has been sought in connection with the agitation for county division. That counsel is in complete agreement, as has been previously pointed out. It holds that submission of the alternative propositions makes county division probable.
Amplifying formal statements previously submitted to the Chamber of Commerce and the legal sub-committee of the Freeholders' Committee, Messrs. Charles Beardsley and Roscoe D. Jones, in Sunday's *Tribune*, emphasized the danger of county division under the alternative proposition. Said Mr. Beardsley:
"I assume that the law provides for one county to join with another and that the same law would provide for the separation of counties. If a part of Alameda county were left out of the new county organization, then, under this law, that part might ask to be joined with another county. This means that the eastern end of the county, or a part of it, could be joined to another county if it was left out of the new city and county."
According to Mr. Jones, the alternative plan means the inevitable division of the county. Alameda and Berkeley could be cut off, he says, and adds that he is in favor of no new county that would not include all three cities.
The *Tribune* will not be half so much worried with the prospects that the people will not follow its advice as it will be if the people vote on any subject without comprehending the full effect of their action. It urges them to study the county division agitation as closely as possible and to be on guard against the plot of county division. To divide the county would be a foolish and everlasting harmful thing.

AN IMMIGRATION SETBACK.
The measure providing for a more intelligent and efficient regulation of immigration has been temporarily lost in the shuffle. The bill disappeared in the dark recesses of a "pocket" veto. As it was backed by an overwhelming majority in Congress it will doubtless be revived and passed at the earliest opportunity, but in the meantime there has been another setback.
The March 4 immigrants were required to have strictly conditioned passports, made out after examination at their port of departure. It was the intention of Congress to continue this practice, and money was provided for the purpose; but it now appears that the statute was inadvertently wiped out when the war-time laws were repealed. Unless a reassuring opinion is obtained from the Department of Justice the examinations will have to be deferred until immigrants reach this side.
The indications are that there is to be little or no abatement of the immigrant flood. The Adriatic is bringing a few thousand in the storage. Early in May the existing accommodations for immigrants will be augmented by the Royal Mail Steam Packet Company of Great Britain, which will make two trips monthly starting from Hamburg. It is currently predicted that the immigration service, which has been so severely taxed in the recent past, will suffer a complete breakdown. Even under war-time regulation it proved impossible to prevent completely the landing of typhus cases. But this is not the only and perhaps not the gravest danger. The gates are opened when unemployment here is most serious. The problem is thus closely linked with that of business in general. Fortunately, it is a problem as to which there is no marked difference of opinion. When Congress assembles it will be and should be dealt with speedily.—*New York Times*.

NOTES and COMMENT
The stork travels light at Bay Point, according to the News: "A baby girl, weighing 2 1/2 pounds, was born to the wife of Robert McKenzie Saturday. Shortly after the tiny infant was removed to the Pablos Hospital, Oakland, where it will receive proper medical attention for a healthy growth. In spite of the fact the infant was so very small, it was reported to be in good health."
Glimpses of Oregon politics revealed by the *Medford Mail-Tribune*: "The junior senator from Oregon, whose defeat would have caused the corner-stone of the republic to crumble, has fallen through himself, right off the bat. He wants to distribute all the thick pieces of federal pie in the state to himself. This is contrary to good party tactics and resulted in the gentleman being torn loose from his free seed allotment for constituents."
The Richmond Record-Herald makes note of what is going on elsewhere: "The legislature members of Colorado could not agree upon which of the seven days of the week should be the Sabbath day, whereupon one editor of that rocky mountain state arises to remark that he wishes the fool-killer would hurry up and get through with Russia and North Dakota and get back on the job in Colorado."
The Watsonville Register deplores a misconception: "Watsonville and Santa Cruz are running a race to see which will enact a prohibition enforcement ordinance first. Some people are mean enough to point out that there is soon to be a city election in each town."
The Stockton Record makes a medical observation: "Now the authorities are coming down on wine of peppin and classing it with 'hoohoo.' It was such a pretty, lady-like kind of dyspepsia cure in the old days, but officials say the trouble with the stuff now is that the peppin is left out."
The Cloverdale Reveille looks ahead: "Scientists claim this country will be washed away into the ocean in a million years. Ah, well, none of us will be here then, except Ted Cannon, Bill Bryan, William Russell and Sarah Bernhardt."
The Solano Courier announces that at a meeting held last Saturday in Napa Judge O'Donnell was the unanimous selection of the directors for leadership of the Tri-County Baseball League, and has accepted the position. Judge O'Donnell is, therefore, entitled to classification with Judge Kenesaw Mountain Landis.

The Stockton Record rises to remark: "March intends to give us anything with one kick in the way of 'going out like a lion' than she handed us Tuesday. We respectfully rise to inform the old girl it will be considerable of an anti-climax and better be called off."
The Palmarian is doing its part to increase the circulation. "If some folks in Watsonville who complain about hard times would take some of their money out of the bank and pay their bills, it would help other people start something."
The Red Bluff News tells of an unusual cure: "A Red Bluff business man advances Sunday baseball because he knew of an instance where it cured a sick woman. She probably had sleeping sickness."
The San Jose Mercury-Herald calls attention to the way that prices are falling all along the line: "A San Francisco woman asks \$2500 for a breach of promise suit. Even broken hearts are conforming to the general reduction tendency of the market."
Somebody on the Fresno Republican staff is married, and this proves it: "There are two reasons why one should tell his wife the truth: (1) it is wrong to lie, and (2) she will find out the truth anyway."
A horticultural item from the Ukiah Press: "A Los Angeles dentist claims he saved two sick patients from the insane asylum by pulling some of their teeth. When they get the bills for the service they may go crazy again."
Fateful remark from the Marysville Appeal: "The modern maid isn't much given to blushing, but you couldn't see it if she was."
SPIRIT OF THE STATE PRESS.
Saratoga is all excited over its blossom festival, and the festival was indeed worthy of the excitement that it caused. But we challenge the world to show a more beautiful sight than the Table Mountain poppy fields are today. Acre after acre carpeted with gold.—*Oroville Register*.
It develops that Postmaster-General Burleson had no government automobile, but that didn't matter much for he would not have known what to do with one.—*San Bernardino Sun*.
While California goes on record at Washington as wanting beer and light wines back again, Yuba County takes up a case against beer and light wines. The county has a million grape vines.—*Chico Enterprise*.
The fact that Irvin Cobb made a net profit of \$10,000 in his recent three weeks' tour of California rather gives the lie to the notion that scribblers must be penniless to be famous.—*San Jose Mercury-Herald*.
William J. Bryan is offered the Democratic nomination in 1921. They must think William Jennings is something of a glutton for punishment.—*San Bernardino Sun*.

COSTA RICA
Costa Rica, mentioned in press despatches as involved with Panama in the latest Central American boundary dispute, is described in the following bulletin issued from the Washington, D. C., headquarters of the National Geographic Society:
"Costa Rica constitutes one of the best demonstrations to be found among the republics of the New World that a country's development may be strikingly affected by geography and economics. Most of the other Latin American countries were built up on the basis of the labor of large numbers of natives, and with this assistance they have utilized considerable areas. Costa Rica has had to depend since colonial times largely on the labor of its colonists of European descent, and the development of the country has been in a restricted territory. In most of the other Latin American countries there has been a marked admixture of the blood of the Spanish settlers with that of the native Indians, but since the few Indians in the part of Costa Rica settled by the Spaniards were practically exterminated at an early date, the population of that Republic has remained predominantly European.
"Because of these fundamental economic differences, and because also of geographical isolation for a long period, Costa Rica differs in many ways from its neighbors. The republic is more than twice the size of Belgium and approximately equal in area to West Virginia, but practically the government is that of the people concentrated on a mountain fringed plateau in the center of the country, not much over fifty miles square. The great majority of the half million inhabitants live on this small plateau. Next in importance are the sections which, added to this central area, would make a narrow belt around the country from Atlantic to Pacific. Even this belt of greatest population constitutes hardly a quarter of the area of Costa Rica. The regions bordering Nicaragua on the northwest and Panama on the southeast are almost uninhabited except for the few Indians living there.
"The central plateau which is the heart of Costa Rica has a rich soil and a climate described as that of perpetual spring. It is from 3000 to 4000 feet above sea level. With the early settlers established themselves in this promising country they could not live in cities and receive the tribute of many workers, but found it necessary to do their own work. Their situation was not unlike that of the North American pioneers of the Middle West.
"The introduction of coffee early in the nineteenth century had much to do with bettering the country's prosperity. A cart road from the plateau to a Pacific port was constructed in 1846 and coffee exports grew steadily. The central plateau became more and more densely populated and now almost every square foot of it is devoted to small farms. A high percentage of Costa Ricans are land owners. Naturally, this has made for comparative stability in government, and Costa Rica has had fewer civil wars than most of the Central American governments; but it has not been altogether free from military coups.
"In the last thirty years especially Costa Rica has shown great development. The poverty-stricken community of early days has been transformed into one of great prosperity. A great banana industry has sprung up in the hot, moist Atlantic lowlands. None of the fruit was exported a quarter century ago; now more than ten million bunches are sent out each year, mostly to the United States."

About YOUR HEALTH
Some Kidney Conditions
Everyone Should Know About
By ROYAL S. COPELAND, M. D.,
Commissioner of Health, New York City.
There are many kidney conditions characterized by change in the quantity and character of the urine. In some diseases the quantity of urine is markedly increased. For instance, in diabetes there may be several gallons each day. It is amazing what quantities are passed. In other diseases the quantity is just as conspicuously decreased. The amount of urine secreted depends in some measure upon the blood pressure. The blood pressure, in turn, to a considerable extent, depends upon the heart's action. If the blood pressure is low, the amount of urine is decreased. If the heart's action is weak the kidney action is less. If the skin is exceptionally active, the amount of urine will be decreased. The fluids that would otherwise escape through the kidneys are eliminated through the skin. In summer weather, therefore, the kidneys have less work to do. Whenever there is diarrhoea and loss of body fluids, as a result, the quantity of urine will decrease. Suppression of urine is a very serious condition, and when it is observed, the doctor should be sent for at once. I am referring to the failure of the kidneys to produce urine, and not to retention of urine in the bladder. Retention is painful and serious, but it is due usually to some mechanical cause, the removal of which offers speedy relief. Failure to produce urine or total suppression of the urine, may be observed in acute inflammation of the kidneys. Stone in the kidney, too, may block the flow. In certain fevers, where there is profound poisoning by the toxins of the disease, and in poisoning by certain chemicals, there may be suppression. It is likewise one of the manifestations of hysteria. There are cases on record where patients have lived for several days, but no case where the victim lived three weeks if the suppression was complete. The treatment for suppression of urine depends, of course, on the cause, but in any case every effort is made to increase the activity of the skin. The outer covering of the body must be stimulated to perform all the function it normally shares with the kidneys. Whenever there is less than the normal flow of urine, unless the condition can be readily explained, it should be made the subject of investigation. The bodily wastes must be carried away. It is just as essential to the health of the body to have free escape of the waste products as it is for the health of a great city to have perfect sewage disposal. Many obscure symptoms are due to faulty elimination. Free kidney action is necessary to bodily comfort and good health. Sounded Like One. Mr. Harding advises more thrift. It seems as if some of us were already practising it to the limit. In the words of the poet: We skimp on food, we skimp on clothes, For both our self and wife; We skimp on shows, and goodness knows We lead the skimpy life.—*Boston Transcript*.

12TH DISTRICT BUILDING GAINS; OAKLAND AHEAD

Federal Reserve Bank Says 1921 Outlook On Crops Is Favorable.

Building activity in Oakland increased 76.9 per cent in February over January, while in January it was only 4.8 per cent less than at the same time in 1920, according to the monthly report of the Twelfth District, Federal Reserve Bank, surveying general business and agricultural conditions.

Oakland's position in the district was enviable. Of twenty reporting cities, the Oakland building total in February was fourth, exceeding Seattle by nearly \$100,000. In January Oakland had stood fifth and was more than \$120,000 behind Seattle.

That the building gain was not confined to the downward movement of the bank, which found that Berkeley building increased 21.6 per cent in February over January.

"In Seattle, Spokane, Reno and Salt Lake City," says the report, "the decline in the cost of building materials has been small and the prospect of decreased rentals and unemployment has been lessened."

Portland, Oakland, San Francisco, Los Angeles and Pasadena report a marked increase of building activity with the downward movement of the cost of materials and labor.

There is an apparent need for dwellings and apartment houses in all sections of the district and the general activity is being shown in this type of construction.

Women's Clothes Give Life to Spring Trading

(By the Consolidated Press)

Special to OAKLAND TRIBUNE

By J. VION PAIN. ST. LOUIS, March 28.—One of the most hopeful signs noted recently in this section was the brisk Easter trade in women's wear.

Goods for women's wear, especially novelty and specialties, moved into consumption during the last three weeks at a pace in marked contrast with the apathy prevailing since the last fall.

Three leading shoe manufacturers were fairly sold out of their Easter specialties line and were unable to supply eleven-hour demands for additional goods.

Incidentally the stiffening in sugar prices has served to put a stop to the decline in candies, syrups, preserves and canned fruits.

Orders for merchandise have picked up in satisfactory shape since March 1. There is a little spring for future delivery, but the public is in need of commodities for immediate consumption and is disposed to fill its wants.

Collectors are much better. Aggregate returns of sixty selected interests canvassed showed a gain of 12 per cent during the first three weeks in March over the same period in February.

Further strength in the banking position is shown. The reserve ratio of the Federal Reserve Bank of St. Louis last week stood at 24 per cent and loanable funds in the hands of commercial banks are materially larger than thirty days ago.

Interest rates, however, remain firm, and there is nothing in the latest aspect of things indicating cheaper money in the near future.

Rents hereabout continue to soar. Landlords have advised tenants whose leases expire this spring that they will have to pay higher rentals or vacate. The shortage of small houses and apartments at low rents is particularly acute.

ROCHESTER, N. Y., March 28.—The latest craze in men's clothing for spring wear continues pencil stripes, novelty chevrons and plain color suitings.

There are two and three-button single-breasted models, commonly called rolled lapels and flap-pockets.

SHORT INTERESTS DEPRESS PRICES IN WALL STREET

Some of the Prominent Specialties Fall Off in Early Trading.

NEW YORK, March 28.—The stronger position of the local Federal Reserve Bank and the clearing house institutions failed to exert any appreciable influence over prices at the opening of today's stock market.

The short interest continued to depress values in certain of the prominent specialties.

Seas-Roebuck and Industrial Alcohol lost two points, and Virginia-Carolina Chemical, Atlantic Gulf, General Asphalt and American Smelting were irregularly lower.

Houston Oil, American Woolen, Studebaker, Chandler and U. S. Rubber were among the firmer issues.

Stalls, steels and equipments recorded very slight changes.

Especially Studebaker, Chandler and U. S. Rubber preferred as well as American Woolen, Associated Dry Goods, Republic Steel and Colorado Fuel were supported at gains of 3 to 4 points during the morning.

Median Petroleum lost 4 points and other prominent oils 1 to 2. Industrial alcohol broke sharply on adverse report of a new U. S. tariff on copper, chemical and leather issues developed increased heaviness with Sears-Roebuck and minor equipments.

Call money opened at 6 1/2 per cent and time money was more plentiful, but unchanged.

Trading slackened at midday, but prices continued downward.

Isolated features of the market included Famous Players, common stock, preferred and U. S. Express and American Express at gains of 2 to 3 points.

Medan Petroleum extended their losses in the last hour with investment rails, but specialties, including U. S. Steel, rallied briskly. The closing was irregular. Sales approximated 700,000 shares.

12TH DISTRICT BUILDING GAINS; OAKLAND AHEAD

Federal Reserve Bank Says 1921 Outlook On Crops Is Favorable.

Building activity in Oakland increased 76.9 per cent in February over January, while in January it was only 4.8 per cent less than at the same time in 1920, according to the monthly report of the Twelfth District, Federal Reserve Bank, surveying general business and agricultural conditions.

Especially Studebaker, Chandler and U. S. Rubber preferred as well as American Woolen, Associated Dry Goods, Republic Steel and Colorado Fuel were supported at gains of 3 to 4 points during the morning.

Median Petroleum lost 4 points and other prominent oils 1 to 2. Industrial alcohol broke sharply on adverse report of a new U. S. tariff on copper, chemical and leather issues developed increased heaviness with Sears-Roebuck and minor equipments.

Call money opened at 6 1/2 per cent and time money was more plentiful, but unchanged.

Trading slackened at midday, but prices continued downward.

Isolated features of the market included Famous Players, common stock, preferred and U. S. Express and American Express at gains of 2 to 3 points.

Medan Petroleum extended their losses in the last hour with investment rails, but specialties, including U. S. Steel, rallied briskly. The closing was irregular. Sales approximated 700,000 shares.

12TH DISTRICT BUILDING GAINS; OAKLAND AHEAD

Federal Reserve Bank Says 1921 Outlook On Crops Is Favorable.

Building activity in Oakland increased 76.9 per cent in February over January, while in January it was only 4.8 per cent less than at the same time in 1920, according to the monthly report of the Twelfth District, Federal Reserve Bank, surveying general business and agricultural conditions.

Oakland's position in the district was enviable. Of twenty reporting cities, the Oakland building total in February was fourth, exceeding Seattle by nearly \$100,000. In January Oakland had stood fifth and was more than \$120,000 behind Seattle.

That the building gain was not confined to the downward movement of the bank, which found that Berkeley building increased 21.6 per cent in February over January.

"In Seattle, Spokane, Reno and Salt Lake City," says the report, "the decline in the cost of building materials has been small and the prospect of decreased rentals and unemployment has been lessened."

Portland, Oakland, San Francisco, Los Angeles and Pasadena report a marked increase of building activity with the downward movement of the cost of materials and labor.

There is an apparent need for dwellings and apartment houses in all sections of the district and the general activity is being shown in this type of construction.

Women's Clothes Give Life to Spring Trading

(By the Consolidated Press)

Special to OAKLAND TRIBUNE

By J. VION PAIN. ST. LOUIS, March 28.—One of the most hopeful signs noted recently in this section was the brisk Easter trade in women's wear.

Goods for women's wear, especially novelty and specialties, moved into consumption during the last three weeks at a pace in marked contrast with the apathy prevailing since the last fall.

Three leading shoe manufacturers were fairly sold out of their Easter specialties line and were unable to supply eleven-hour demands for additional goods.

Incidentally the stiffening in sugar prices has served to put a stop to the decline in candies, syrups, preserves and canned fruits.

Orders for merchandise have picked up in satisfactory shape since March 1. There is a little spring for future delivery, but the public is in need of commodities for immediate consumption and is disposed to fill its wants.

Collectors are much better. Aggregate returns of sixty selected interests canvassed showed a gain of 12 per cent during the first three weeks in March over the same period in February.

Further strength in the banking position is shown. The reserve ratio of the Federal Reserve Bank of St. Louis last week stood at 24 per cent and loanable funds in the hands of commercial banks are materially larger than thirty days ago.

Interest rates, however, remain firm, and there is nothing in the latest aspect of things indicating cheaper money in the near future.

Rents hereabout continue to soar. Landlords have advised tenants whose leases expire this spring that they will have to pay higher rentals or vacate. The shortage of small houses and apartments at low rents is particularly acute.

ROCHESTER, N. Y., March 28.—The latest craze in men's clothing for spring wear continues pencil stripes, novelty chevrons and plain color suitings.

There are two and three-button single-breasted models, commonly called rolled lapels and flap-pockets.

SHORT INTERESTS DEPRESS PRICES IN WALL STREET

Some of the Prominent Specialties Fall Off in Early Trading.

NEW YORK, March 28.—The stronger position of the local Federal Reserve Bank and the clearing house institutions failed to exert any appreciable influence over prices at the opening of today's stock market.

The short interest continued to depress values in certain of the prominent specialties.

Seas-Roebuck and Industrial Alcohol lost two points, and Virginia-Carolina Chemical, Atlantic Gulf, General Asphalt and American Smelting were irregularly lower.

Houston Oil, American Woolen, Studebaker, Chandler and U. S. Rubber were among the firmer issues.

Stalls, steels and equipments recorded very slight changes.

Especially Studebaker, Chandler and U. S. Rubber preferred as well as American Woolen, Associated Dry Goods, Republic Steel and Colorado Fuel were supported at gains of 3 to 4 points during the morning.

Median Petroleum lost 4 points and other prominent oils 1 to 2. Industrial alcohol broke sharply on adverse report of a new U. S. tariff on copper, chemical and leather issues developed increased heaviness with Sears-Roebuck and minor equipments.

Call money opened at 6 1/2 per cent and time money was more plentiful, but unchanged.

Trading slackened at midday, but prices continued downward.

Isolated features of the market included Famous Players, common stock, preferred and U. S. Express and American Express at gains of 2 to 3 points.

Medan Petroleum extended their losses in the last hour with investment rails, but specialties, including U. S. Steel, rallied briskly. The closing was irregular. Sales approximated 700,000 shares.
